## Health Promotion and Disease Prevention Research Center (Core Activities)

### Project Description

This major goals of this project are based on the theme, "From Healthy Children to Healthy Adults." The Center provides support for research and demonstration projects, the diffusion of effective health promotion programs to health and education agencies, and the provision of training to health agency professionals to develop and evaluate effective health promotion programs locally and nationally.

Visit the University of Texas Prevention Research Center's (UTPRC) website <http://sph.uth.tmc.edu/tprc> to learn more about the UTPRC.

Dates of Funding: 9/30/2009 – 9/29/2014

Partner Agency: Planned Parenthood Gulf Coast
